

# THE ORGANWISE GUYS<sup>®</sup> ACTIVITY

Hello fellow OrganWise Guys Club Members,

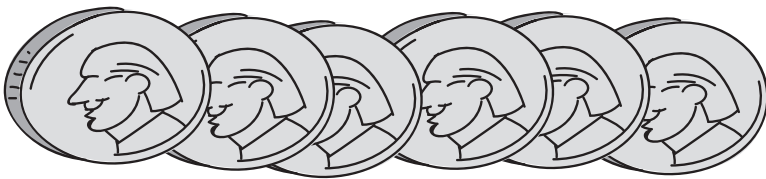

Our school is doing a charity fundraiser this month. Everyday, students can bring in whatever change they have around the house and put it in a tin can on their teacher's desk. The class that collects the most change gets to have a "Christmas in Australia Party." Basically, that means we get to have a summer beach party before the winter break, because Australia is on the southern hemisphere, which means it is the middle of summer when they celebrate Christmas. Hopefully my class wins the prize, because I don't care what the temperature is outside, I love a good low-fat popsicle!

Until we meet again,  
**Pepto**

Pepto  
(the stomach)

Pepto's parents said he could donate any change he found in the living room. Count up all the change he found.

\_\_\_\_\_ Quarters

\_\_\_\_\_ Dimes

\_\_\_\_\_ Nickels

\_\_\_\_\_ Pennies

Total \_\_\_\_\_

**ANSWER:**

**69¢ \$**
