

COLOR ME ORGANWISE

Hello fellow OrganWise Guys Club Members,

Last week, I told you about our school's charity fundraising competition where the classroom that collected the most change won a class party. We were one of the top three classrooms in the entire school! We felt that we were going to win the whole thing, but then our teacher told us that someone had taken the money off of her desk. She said they were trying to find out who took the money and get it back, but that we probably wouldn't win the party. We all groaned, saying that we weren't going to give away any more change since we couldn't win anymore. Our teacher reminded us the reason you help those in need isn't because you could win a party, but because it's the right thing to do. And she's right! So we keep donating our change to help those who need it!
