

THE ORGANWISE GUYS® ACTIVITY

Hey everybody,

Trick or treating is a ton of fun, and it's even more fun when you're doing it with a buddy. This brings us to trick or treating tip #3: Always have a trick or treating buddy. Talk to your parents about who your buddy will be. Is it a friend, a brother or sister, a neighbor, or your parents themselves? Make sure when you're trick or treating you and your buddy always stick together and make sure to follow your preplanned trick or treating route. Lastly, make sure to have lots of fun!

Have a great day,
Hardy Heart
