

COLOR ME ORGANWISE

Hello hello,

Just over two weeks until Halloween, are you ready? We are definitely getting ready in my house. Last night, we made our trick or treating game plan. I sat with my parents and we mapped out which streets in the neighborhood we were going to go to, and in what order. It helps to know ahead of time so you don't waste time criss-crossing the neighborhood or walking down streets you've already gone to. Be sure to map out your route with your parents so you both know where you are going and for how long you all will be out.

Think healthy thoughts,
Sir Rebrum
