

# COLOR ME ORGANWISE

Hello hello!

Last week, I gave our lunch lady Ms. Mary a card letting her know how thankful I was for her, and she was thrilled! Making her feel good made me feel good. That's when I realized that I wanted to keep making people feel good. So today I gave my bus driver a thank you card for getting me safely to and from school everyday. If you have anyone at school you are feeling thankful for, let them know, they'll surely appreciate it!
