

COLOR ME ORGANWISE

Hi there,

Hope you all had a great, safe Halloween! I had a really fun Halloween, but not in the way I thought I would. I didn't feel well Halloween night, so instead of going trick or treating with friends and neighbors, I stayed home. My parents could sense I was a little bummed, so they suggested I answer the door for the trick-or-treaters. It sure was a blast! I got to see so many of my friends from school, lots of kids I didn't know, and tons of amazing costumes! The parents with babies and toddlers made me so happy. Little kids dressed up as pumpkins are so cute! I'm happy that my parents suggested I still get involved in Halloween, even if it wasn't the way I thought I would.

Keep breathin',
Windy
