

Hi-ya kids,

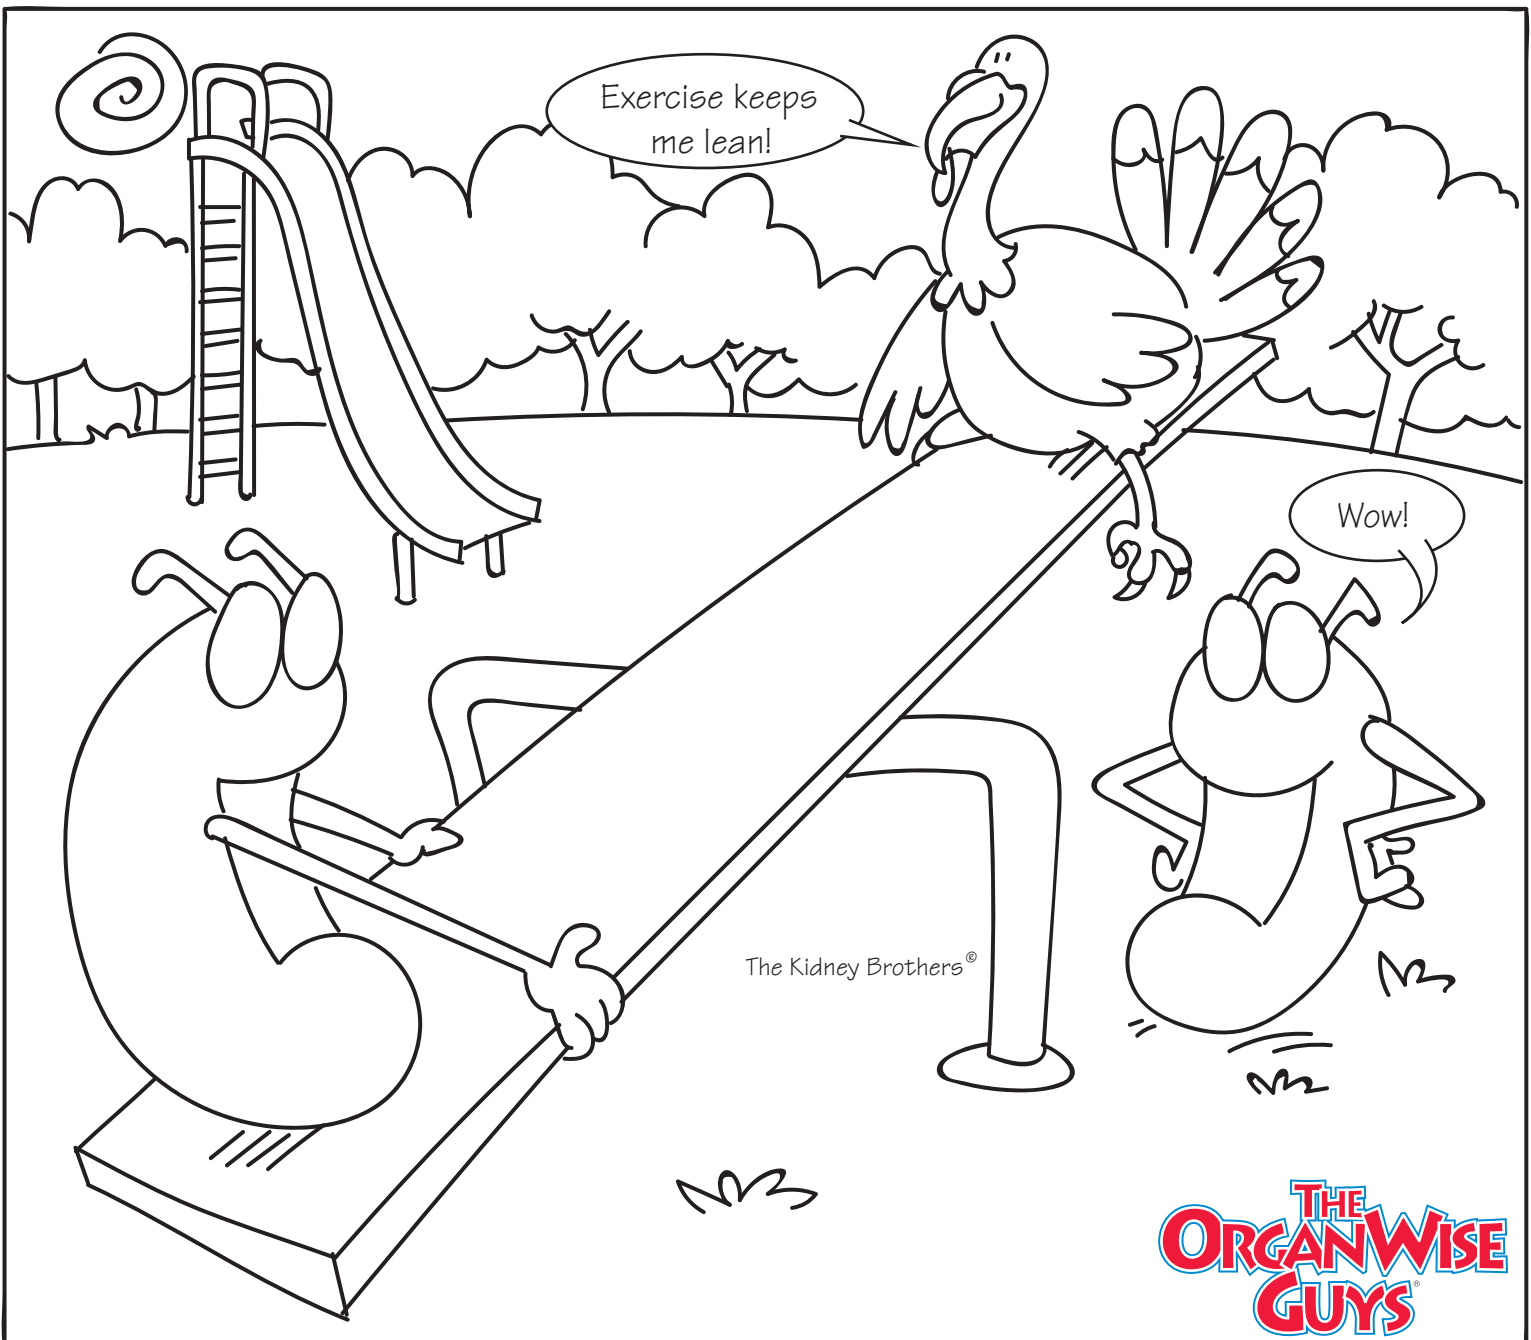

COLOR ME ORGANWISE

Thanksgiving isn't only about being thankful; it's also about giving. Of course, you already knew that, as it's called ThanksGIVING! We were talking to our friend Thomas about his plans for Thanksgiving, and he said that his family wasn't doing too much. His mom was a nurse and had to work on Thanksgiving, so his older brother was going to watch him. We didn't want our friend to miss out on a Thanksgiving dinner, so we asked our parents if we could invite Thomas and his brother over for Thanksgiving dinner. They said it was no problem, so now we are going to be celebrating Turkey Day with our family and our friends. So don't forget to give back this holiday, even if it's just a plate of turkey to a friend!
